- When leaving car parks, traffic will merge at certain points. To help the flow from each car park please give way to one vehicle from the other lane.
- Extensive use is made of one way systems to help improve the flow of exiting traffic. When used, the one way roads are clearly marked and you should make full use of both lanes when asked to do so.
- Advance warning of one way routes will be given via signs as you leave the circuit. Traffic will be split into the following destinations:
 - The North - A5, M1 and Northampton. Use this for A43, A43 and East
 - The West - A43, M40 and Oxford. Use this for A34 and South West
 - The South - A5, M1 and Milton Keynes

- If you are attending on more than one day, please be aware the traffic systems are not the same for each day.
