POLICE SECURITY & CRIME PREVENTION

- **TAKE** money, credit cards, mobile phones, cameras, etc with you at all times. Don't assume that you've hidden them well in your tent. Silverstone has a very good safety history however; large events do attract criminals who steal from tents and cars.
- Mark your property with your name and postcode only, thieves don't want marked property and it will significantly reduce the risk of items being stolen. Tag your keys with your phone number and a friend's address. Marking them also means they can be returned to you.
- **Leave your tent untidy;** don't make it easy for thieves to grab a bag with everything in it.
- Secure the two zip pulls together with a padlock or specialist tent lock – **especially** when asleep.
- Use a tent liner as it makes it harder for a thief to get in
- Before you sleep, hide your money, etc carefully and don't put everything together in one place. Remove wallets from clothing. Too much drink can make you sleep heavily and you may not hear somebody unzipping/entering your tent.
- If you think you've had an item stolen, please go to the Mobile Police Station located by Gate 3 at the Silverstone circuit to report the loss and check if it has been handed in.
- Please drink responsibly. Remember excessive alcohol consumption can lead to you being involved in crime as an offender or more importantly as a victim.
- Never drink & drive.
- Remember - it is an offence to purchase alcohol for the consumption of a person under the age of 18
- Please take care when **walking from the site to the circuit** and other venues **especially** when it is dark – country roads are not well lit and have uneven grass verges.

**REPORT TO CAMPSITE STEWARDS ANY SUSPICIOUS ACTIVITY OR CONTACT THE POLICE
